Aluminum Stair Treads with Anchors

Aluminum Stair Treads with Anchors are design for placement in wet concrete during new construction and offer superior slip resistance thanks to their grit surface, enhanced durability and permanent application.

- The bullnose and straight square edges insures a perfect fit for poured & precast concrete, steel-pan cement filled stairs and terrazzo stairs.
- Perfect even for the most heavily traveled outdoor public stairways.
- Diamond-hard, aluminum oxide abrasives are combined with strong polymeric binders and bonded to heat-treated, aluminum to form the exceptionally rugged outdoor metal stair treads.

SPECIFICATIONS

Thickness: 1/4" thick

3" Bullnose and 4" straight nose

Depth: 3" and 4"

Federal Specs: RR-T-650E

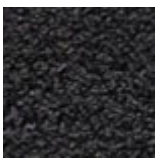

Flame Spread Rating of 75 or less using ASTM-E-84 Test

Item No: STALMTWA
