## Aluminum Stair Nosings

Aluminum Stair Nosings offer enhanced slip resistance thanks to their grit top surface, superior durability and cover just the front and nose of any stair.

- The nose has a 1-3/4" wide abrasive finish with a 3/4" tapered aluminum back edge. Both the nose and tapered edge have a 1/4" wide reflective yellow safety tape strip for additional safety.
- Ideal for use in outdoor public stairways.
- Diamond hard, aluminum oxide abrasives are combined with polymeric binders and bonded to heat-treated aluminum to form durable outdoor metal stair nosings.
- Clean these nosing with broom, damp mop or hose off and air dry.

### SPECIFICATIONS

Thickness: 3/16" thick at nose (tapers to back edge)

1-1/4" square nose

Depth: 2-1/2"

Federal Specs: RR-T-650E and Flame Spread Rating of 75 or less using ASTM-E-84 Test

Treads can be supplied with two countersunk holes every 12" for screw-down installation, or without holes for installation with Neoprene Contact Cement.

Item No: STALMN
